Tobacco Poolers

Be very careful in stripping your tobacco, keeping each grade to itself, both in regard to color, length and texture, for on the grading depends, to a very great extent, the price.

Be sure that you have each grade on separate sticks. Don't mix the grade on the stick, as the tobacco will be "stick graded' 'and the lowest grade on the stick will govern the grade.

The same thing applies to the hand. Do not mix grades in the hand.

Do not hang your sticks too full. Eighteen to twenty hands keeps your tobacco straight when you

When you get through stripping a crop you are ready to deliver and not before.

The whole crop must be delivered the same day, or all of each grade. That is, if you cannot haul all of your crop, you must deliver all of each grade when you start delivery.

There are always two "grades" in each grade, for instance: "Trash 1st and 2nd." Leaf, lugs and all grades have first and second, so keep them

DIES IN MONTE CARLO

Leaves Millions to Grand Nephows When Hon. E. J. Curley, former Camp Nelson, Ky., died in Monte at Leavell Green. after an illness of several Carlo years duration he left a fortune estimated at \$10,000,000, which he had amassed in Kentucky whisky.

This fabulous sum he left to his two grand nephews, residents of Haverhill, Mass. The heirs to this fortune are Patrick and James Canning, expert shoemakers of that city. When notified of their good luck they were not the least agiated or excited.

ways," James said. "We've been making shoes for twenty-five years and we'll keep on. I think I'll have my house painted, and, of course, my three girls can have anything they want.'

"Yes," Patrick agreed. "We'll celebrate our good fortune by staying right on at the shoe factory."

Colenel Curley died recently at Monte Carlo. He, for many years was president of E. J. Curley & Co., which owned one of Kentucky's greatest distilling plants at Camp Nelson. He lived most of his life Il Camp Nelson, until about a score of years ago he sold his interest to the Kentucky Distilleries & Warehouse Company, and moved to New York.

A brother, M. H. Curley, was prominent in Boston politics. The Curley distillery was famous in this country in pre-prohibition days for the brands "Boone's Knoll' 'and Bluegrass."

The Canning brothers aren't white ribboners or anything like that. They would simply "rather make shoes than lead a millionaire's life," as Patrick swid.
